

Quick Guide

BODY PARK

Front

Back

3 Steps

-   **Download the App**
-   **Pair**
-   **Connect to Wi-Fi**

① Download the App

ai.bodypark.fit/app.html

App Store

Google Play

2.1 Power On

2.2 Add Device

Pair in the **ATOM**
app

Don't pair in your
phone's **Bluetooth**
settings

Once ATOM is on, the app finds it automatically.

PAIR

2.3 Pair

ATOM 4E3Y

Select your ATOM

3.1 Via Phone

2.4 GHz

Pick a network in the app

5 GHz and login-page networks are not supported.

3.2 On ATOM

Enter the password on ATOM

3.3 Hotspot

iPhone

Maximize Compatibility

Android

AP band

2.4 GHz ✓

Turn on your phone's hotspot, then connect ATOM to it.

Place Your ATOM

Best: tripod, knee height

↑ Knee height, or on the floor

↔ Stand 0.5–1 m away

☒ Full body in frame, view clear

Do

Recommended

Don't

Headphones

Pair headphones with your **phone** — audio stays in sync. Just mute ATOM.

Headphones can't connect to ATOM directly.

Need Help?

Frozen? Hold 10 s to restart

Can't pair? Restart ATOM, Bluetooth on

Wi-Fi fails? 2.4 GHz only

Poor tracking? Full body in frame
